Want to have a long and relatively satisfying career in technology? Sitting back on your current skillset, no matter how valuable is a career mistake. I find the most damaging to be the first three particularly when they are associated with the boss. MitchellKusyandDr.LatestRecruitingAdvice. I work well in the morning and in the evening. So, I kept taking on more, and to my surprise, I continued to excel. Again – you cannot have all the things. Allphotosbytheauthor.Skip to content. Susannah Breslin Senior Contributor.
