The author s assert their right to be named as the sole author s of this article and the right to be granted copyright privileges related to the article without infringing on any third-party rights including copyright. The book addresses everyone involved in higher education – university leaders, chief information officers, change and quality assurance managers, and faculty developers. CommunityReviews.Castells,M. They are very close to working life, where digital tools are in use. Seven of the invitees turned up for the first meeting and formed a group of digital interest, agreeing to spend time together to develop their digital competence. The message that the teacher training faculties sent in the interviews was that they needed time to absorb, develop and pilot new ideas in their courses, and that there were several other demands restraining their time, e. Cilliers,F.Policies Disclaimer.
