It was in that strange and sudden way that Mary found out that she had neither father nor mother left; that they had died and been carried away in the night, and that the few native servants who had not died also had left the house as quickly as they could get out of it, none of them even remembering that there was a Missie Sahib. We must insist on changing social policies and bending career tracks to accommodate our choices. I like it because Mary is nice and she finds the secret garden.

Workers who put their careers first are typically rewarded; workers who choose their families are overlooked, disbelieved, or accused of unprofessionalism. Women of my generation have clung to the feminist credo we were raised with, even as our ranks have been steadily thinned by unresolvable tensions between family and career, because we are determined not to drop the flag for the next generation. But she says that for her part, she has been able to combine family requirements with her career.
