After all, one of the motivations for launching ARPAnet was to connect communities of computer programmers in order to share their programs and knowledge [ 40 ]. Volume 26 Issue 1 January-February Volume 23 Issue 2 March-April Virtualteammembersarerequiredtolearnanewsetofskills. If organizations do not embrace the concept of an extended family and include their associated workers in their plans for their human assets, the workforce will become increasingly useless to them and to themselves. Roberts editor. Applegate studied three major corporations in depth and concluded that hierarchy is present in today's new forms of organization but those features of hierarchy are being uniquely combined with features of traditional organizational models of matrix and adhocracy.
