The income gives people more power with service providers and in the community. This is for a total population of approximately 40 million. Forsythe, M. Veras Soares, F. The drivers of growing interest in disability within the Bank are varied and include the individual efforts of champions, interest expressed by governments, the direct influence of the disability movement especially in Latin America and the UN Convention and associated international efforts Mont, pers. The IDC emphasised the need for state support with disability-related costs, and argued for a clear distinction between support schemes designed to cover the extra cost related to being disabled and social assistance which is related to poverty, Social Assistance in Developing Countries that both are needed. Linnarson, AnnLippman, LauraH. As noted in 4. Further, the effectiveness of social assistance is widely considered to be dependent on the availability of and access to other forms of protection and support Farrington and Slateras well as complementary livelihood activities and functioning markets.
